## TRAVEL DOCUMENTATION - all ports

Proper travel documentation is required at embarkation and throughout the cruise. Even though a guest has completed registration using FUNPASS, it is still the responsibility of the guest to bring all required travel documents. Guest should check with their travel agent and/or government authority to determine the travel documents necessary for each port of call. Any guest without proper documents will not be allowed to board the vessel and no refund of the cruise fare will be issued. Carnival assumes no responsibility for advising guests of immigration requirements.

## CRUISE TRAVEL

The Western Hemisphere Travel Initiative (WHTI) Passport Requirements became effective June 1, 2009, for land and sea borders. While the WHTI requires a valid passport for land and sea travel, a final ruling was issued allowing leniency for "closed-loop" cruises, i.e., sailings that both originate and terminate in the same U.S. port. Recent guidance received from the Department of Homeland Security indicates the documentary requirements under WHTI for "closed loop" cruises are not limited to cruises that travel only to contiguous territories or adjacent islands. This means U.S. citizens calling on ports in Honduras, Panama, Costa Rica and Belize will also be exempt from the passport requirement. U.S. citizens taking "closed-loop" cruises are not required to have a passport, but will need proof of citizenship such as an original or certified copy of a birth certificate, a certificate of naturalization, a passport card, an enhanced driver's license (EDL) as well as a government-issued photo ID. Children are also required to bring proof of citizenship, and if 16 and over, a photo ID is also required. Canadian and Bermudian citizens are required to have a passport for air, land and sea travel, including all Carnival cruises. **Although a passport is not required for U.S. citizens taking "closed loop" cruises, we strongly recommend all guests travel with a passport (valid for at least six months beyond completion of travel).** Having a passport will enable guests to fly from the U.S. to a foreign port in the event they miss their scheduled embarkation or to fly back to the U.S. if they need to disembark the ship mid-cruise due to an emergency.

For more information, a complete list of WHTI-compliant documents or to obtain a passport application, visit [www.travel.state.gov](http://www.travel.state.gov).

## Carnival's Cruise Vacation Protection Plan

Carnival wants you to have the best vacation ever, with nothing to think about except how much FUN you're going to have. Carnival's Cruise Vacation Protection Plan provides you with peace of mind because unfortunately, the unexpected does sometimes occur.

Carnival's Cruise Vacation Protection Plan is a package of travel protection and emergency assistance services designed to meet the particular needs of our guests. In the event that you must cancel or interrupt your trip because of job loss, a severe weather warning/watch en route to, or at, your port of embarkation, or you, a traveling companion or one of either of your immediate family members becomes unexpectedly ill or injured, Carnival will refund you in cash for your otherwise non-refundable cancellation charges, or for the unused portion of your trip should it be interrupted for certain specified reasons as outlined in the Plan Description.

In addition, the plan covers minor inconveniences like lost or delayed baggage, as well as more serious problems such as an unexpected illness or injury requiring emergency evacuation to your home. More importantly, included in the price of the plan is access to a 24-hour traveler's emergency assistance hotline.

This plan is optional and can be added to your reservation up until 2 weeks prior to sailing.
